SUR-PAK™ Pouch Dispenser

SP-110

Technical Specification

AZCO's unique RotoCut knife cartridge, which is a rotary shear cut assembly, allows for a 2-minute blade change without tools. The low maintenance rotary-style blade provides quick, clean cuts on pouch web materials and eliminates the need for compressed air.

This heavy duty, low maintenance pouch dispenser operates at up to 200 pouches per minute for sizes up to 100 mm/4" wide and 10 mm/0.4" thick. Reliable for slippery film webs and cut-off registration verification. Ideal for food products and overwrapped medical and household components. Designed to be reliable for 3-shifts-per-day operations even in dusty and moist environments.

Benefits

- High productivity; up to 200 cuts per minute
- Reliable delivery of product
- Quick change blade cartridge
- Easy to integrate with packaging line
- CE rated
